The Center for the Study of Languages and Cultures provides **programming, technology, and space** for foreign language and culture exposure, interaction, and communication.

**Activities:**
peer tutoring, cultural celebrations, film nights, language tables, reading groups and book clubs, conferences, TESOL courses, and English language instruction

**Resources:**
technology workshops, language software, reference materials, language testing, and summer language abroad grants

**Facilities:**
lounge, discussion areas, study booths, multipurpose classroom, private multimedia room, kitchenette, and, yes, even a coffee station for those late-night study sessions
