All first year students study broadly in the arts and sciences before committing to a particular major.

Don’t know which major to choose? We help you match your interests and plans with the right academic field and concentration.

First Year of Studies is here to assist you in making the transition from talented high school student to successful Notre Dame undergraduate.

Resources include:
- academic advising,
- writing center,
- tutoring services,
- peer advisers,
- study skills information,
- learning resource center,
- library tutorials,
- career center, and more …
