YOU ARE INVITED to take part in a variety of community-based courses, research, and service opportunities:

- Work to improve healthcare, education, housing, and more by serving at one of 50 social service agencies in the local community.

- Grapple with complex global issues and offer basic human dignity to the marginalized in the International Summer Service Learning Program, with sites in Bangladesh, Brazil, Cambodia, Ghana, Guatemala, Honduras, India, Mexico, Tanzania, and Uganda.

- Work with more than 180 social service agencies across the United States in the Summer Service Learning Program.

- Learn about complex social issues such as immigration, urban poverty, youth violence, and energy policy through immersion seminars, including Appalachia, Border Issues, Gospel of Life, Lives in the Balance, and Urban Plunge.

THE CENTER can help you understand and address the structural causes of poverty and injustice in communities worldwide.
